

RED BRICK LETTINGS

Property cared for. People looked after.

A clear, warm and practical identity for websites, blogs and social media.

01 / BRAND FOUNDATION

One brand. Two audiences. One standard of care.

Brand promise	We look after properties properly and treat people with respect, so landlords feel confident and tenants feel at ease.
---------------	--

Positioning

Red Brick Lettings is the approachable local property partner for Peterborough landlords and tenants. We combine practical residential experience, dependable property care and clear, respectful communication.

Commercial priority

Landlords appoint the agent and therefore lead growth activity. Tenants remain equally important to the experience, reputation and long-term health of the brand. The future property-management software is a separate product and must not be marketed as Red Brick Lettings.

PROPERTY CARE	CLEAR COMMUNICATION
Practical coordination of the work that keeps a property and tenancy running.	Landlords know what is happening. Tenants know who to contact and what happens next.
RESPECT	PETERBOROUGH KNOWLEDGE
Professional boundaries, privacy, fair treatment and a home-first mindset.	Residential lettings experience rooted in Peterborough since 2012.

02 / AUDIENCES & MESSAGING

Confidence for landlords. Ease for tenants.

FOR LANDLORDS Desired feeling Confident that their property is in good hands. Core message Your property should feel well cared for, without you having to manage every detail. Emphasise Visibility, practical care, communication, inspections, maintenance and tenancy management.	FOR TENANTS Desired feeling At ease in a good home, with respectful support. Core message A good home, clear communication and respectful support throughout your tenancy. Emphasise Clear contact, boundaries, repairs, practical guidance and fair communication.
---	---

Company introduction

Established in 2012, Red Brick Lettings provides residential lettings and property management across Peterborough. We help landlords care for residential property and support tenants throughout their tenancy, combining practical local knowledge with clear, approachable service.

Service architecture

LET YOUR PROPERTY	MANAGE YOUR TENANCY	CARE FOR YOUR PROPERTY
Preparation, marketing, tenant-find work, inventory and tenancy setup.	Rent collection, communication, inspections, statements and administration.	Maintenance coordination, compliance or licensing support and checkouts.

03 / VOICE

Warm, plain and useful.

Always write as we. Use friendly British English, short sentences and specific advice. Sound calm and capable, especially when discussing repairs, licensing or problems.

DO	AVOID
Lead with the reader's outcome. Use concrete examples. Explain jargon on first use. Say what happens next. Address landlords and tenants directly.	All-caps paragraphs. Legal or corporate jargon. Sales pressure and fake urgency. 'Best', 'leading', 'guaranteed', 'instant', '24/7'. Unsupported 'affordable' or 'excellent' claims.

Examples

Instead of	Write
We offer excellent, affordable end-to-end solutions.	Tell us what you need and we will explain the service and quote clearly.
Landlords: avoid disaster before it is too late!	A small check now can prevent a larger repair later.
Our tenants enjoy best-in-class support.	Tenants know who to contact and what happens next.
Helicopter landlords	Respectful management with clear boundaries, privacy and regular updates.

Calls to action

Use one action per asset. Until the website launches, the default is Message us on WhatsApp followed by 07300 856675. Never combine WhatsApp, phone, DM keyword and link on one card. Do not imply emergency coverage.

04 / COLOUR

Brick, ink and warmth - without purple or coral.

This palette replaces both the orange-heavy July system and the coral-pink campaign system. Brick is the recognisable brand signal; cream and ink carry most reading.

BRICK #A63D2F Primary brand / buttons	DEEP BRICK #70291F Dark panels / hover
INK #1D1B1A Headings / dark surfaces	CREAM #F7F2EA Main warm background
STONE #716B64 Secondary text	SAND #E8D7C6 Warm supporting fill
ATTENTION #C76B21 Warnings only	SUCCESS #2F6A54 Positive status only

Accessible combinations

Approved pair	Contrast	Use
#1D1B1A on #F7F2EA	15.4:1	Body text / main reading
#FFFFFF on #A63D2F	6.3:1	Buttons and large/normal text
#FFFFFF on #70291F	10.4:1	Dark brick panels
#1D1B1A on #E8D7C6	12.2:1	Labels and supporting panels
#FFFFFF on #1D1B1A	17.2:1	Dark sections

05 / TYPOGRAPHY & LOGO

Readable first. Recognisable second.

Use Inter when available, with Segoe UI and Arial as fallbacks. Body text should normally be 18 px on websites and never below 16 px. Use Roboto Condensed only for short campaign hooks or labels, never for paragraphs.

Role	Desktop	Mobile	Rule
Hero H1	56-80 px	40-52 px	5-10 words; sentence case
H2	36-48 px	30-38 px	Clear section outcome
Body	18 px / 1.6	17-18 px / 1.6	55-75 characters per line
Label	13-15 px	13-15 px	Uppercase only for 1-5 words

Logo system

The approved rounded-square house mark remains official. It has been rebuilt as clean vector artwork and recoloured in the master brick palette. Use the supplied files; do not trace, regenerate or restyle the mark.

DO	DON'T
Keep clear space equal to one roof-stroke height. Use the full lockup at 120 px wide or larger. Use the mark alone at 24 px or larger. Use light, dark or one-colour supplied versions.	Stretch, rotate or add shadows. Place over a busy photo without a panel. Change the roof line or corner radius. Use coral, purple, gradients or another wordmark. Recreate the logo with AI.

06 / PHOTOGRAPHY & AI

Real local evidence before generic polish.

1	Approved real Red Brick property and process photography
2	Commissioned documentary-style Peterborough photography
3	Clearly generic editorial or AI imagery for education only

Visual style

Use honest British residential settings, natural or window light, warm-neutral grading and realistic detail. Favour property exteriors, interiors, tools, inspections, paperwork without readable personal data, maintenance processes and local streets. Compose with negative space for text.

Avoid

Luxury mansions, glossy stock smiles, heavy HDR, extreme filters, staged handshakes, repeated AI faces, text generated inside AI images, and any image that suggests a person or property is a real Red Brick customer when it is not.

Privacy gate

Never publish house numbers, exact addresses, vehicle plates, names, mail, documents, screens, keys, fobs, alarm details, access instructions, identifiable possessions or people without specific written permission. Remove metadata before export. Staff preference not to appear must be respected.

AI rule

AI imagery is permitted only for generic educational or editorial content. Mark it internally as AI-generated and add 'illustrative image' whenever a viewer might mistake it for proof. Never use AI for an available listing, testimonial, actual repair, inspection, before/after or case study.

07 / DIGITAL TEMPLATE SYSTEM

A small set of repeatable formats.

Surface	Master size	Rules
Feed post / carousel	1080 x 1350	72 px side safe area; 96 px top/bottom. Headline 3-8 words, hard max 12.
Square fallback	1080 x 1080	Keep carousel cover meaning inside a square-safe centre crop.
Story / Reel	1080 x 1920	Essential area x 90-990, y 250-1550. Keep lower 370 px free.
Website/social preview	1200 x 627	One headline; avoid small supporting copy.
Facebook cover	1640 x 624	Keep essential content central and allow for variable crops.
Website hero source	2400 x 1350	No baked-in text; keep focal subject in central 60%.
Blog hero	1600 x 900	Use responsive crops and live HTML headings.

Social templates supplied

Landlord photo post; tenant checklist; property listing; compliance update; carousel cover, content and end card; Reel/Story cover; web preview; Facebook cover; profile image.

Text limits

Supporting line: 18 words or 90 characters. List card: 3-5 bullets, 8 words each. Carousel body: 20-35 words per slide. Reel overlay: two lines, up to 32 characters per line. Put detail in captions or articles, not in tiny image text.

08 / WEBSITE & BLOG

Guide people by need, not by industry jargon.

Website components	Blog components
Header and contact bar Landlord / tenant route cards Hero with one primary CTA Service groups Property cards Process steps Proof strip FAQ WhatsApp contact panel Footer	Article hero and category Published and reviewed dates Key takeaway box Contents Numbered checklist Legal note and source list Related articles Audience-specific CTA

Recommended home-page opening

**Property cared for. People looked after.
Established in 2012, we provide residential lettings and
property management across Peterborough.**

**Primary action: Message us on WhatsApp
Secondary route: For landlords / For tenants**

Accessibility baseline

Meet WCAG 2.2 AA: 4.5:1 contrast for normal text, 3:1 for large text and meaningful controls; 44 x 44 px production targets; visible keyboard focus; logical headings; no colour-only meaning; reflow at 320 CSS px; support 200% zoom; accurate captions; reduced motion; meaningful alt text. Prefer live HTML text to words baked into images.

Performance baseline

Use responsive AVIF/WebP with JPEG fallback, explicit dimensions and lazy loading below the fold. Aim for a hero under roughly 250 KB and cards under 150 KB when quality permits.

09 / CONTENT, PRIVACY & CLAIMS

Trust is an approval process.

- [] Owner approval before publication.
- [] Source and verification date for each factual or legal claim.
- [] Confirmed image rights and required written permissions.
- [] Privacy and security inspection of the full frame.
- [] Internal AI-versus-real asset label.
- [] Recheck date for time-sensitive material.

Approved identity statements

Use only Red Brick Lettings. Use ‘established in 2012’ and ‘residential lettings and property management across Peterborough.’ Say ‘meetings by appointment.’ The permanent primary contact is WhatsApp 07300 856675. Never use the former 01733 number or imply a walk-in office.

Do not claim yet	Safe treatment
24/7 or emergency cover	State normal working hours only; create a formal out-of-hours policy first.
Current portfolio or historical 150	Keep unpublished until records define the period and whether it was simultaneous.
Affordable / excellent / best	Invite a property-specific quote; let genuine reviews supply opinions.
Deposit insurance or scheme	Verify the exact scheme. Insured and protected are not interchangeable.
Memberships and accreditations	Publish only after certificates, numbers and expiry dates are verified.

Legal information

Verify against an official source within seven days of publication. Use: General information only and not legal advice. Based on guidance current on [date] for England. Verify listing rent and availability on publication day.

10 / ROLLOUT & PROOF

Build evidence before making bigger claims.

NOW	NEXT 90 DAYS	MONTHS 3-6
Adopt the new palette and vector logo. Retire Lets Move, coral and old number. Use WhatsApp as the single CTA. Confirm current service list and normal hours. Audit old public posts.	Verify redress, Client Money Protection if relevant, deposit scheme, fees, privacy and complaints process. Request reviews neutrally after natural milestones. Secure two landlord and two tenant testimonials. Build three evidence-led case studies.	Measure message acknowledgement, repair handling, inspections, certificate renewals, void periods and satisfaction. Publish metrics only with timeframe, sample size and method. Move the primary CTA to the website when it launches.

Neutral review request

Would you be comfortable leaving an honest review of your experience with Red Brick Lettings? It is entirely optional, and positive or critical feedback is equally useful.

Website launch checks

Confirm legal entity and correspondence address; government-approved redress membership; Client Money Protection if client money is held; exact deposit scheme and process; current fees and VAT treatment; privacy notice; complaints process; normal hours and safe out-of-hours instructions.

11 / KIT CONTENTS

Everything needed to keep the next asset consistent.

Folder	Contents
logos	Editable SVG house mark and horizontal lockups, light/dark versions, PNG profile and high-resolution marks.
social-templates	Ten sample/template assets covering landlords, tenants, listings, updates, carousels, Reels, previews and Facebook cover.
web	CSS variables, JSON design tokens and a responsive component preview.
red-brick-brand-skill	Reusable Codex skill with brand rules, content guardrails and approved assets.
Brand Guidelines PDF	This master visual and verbal system.

Final rule

If a design is attractive but difficult to read, it is off-brand. If a claim is persuasive but not evidenced, it is off-brand. If a tenant or property could be identified without permission, it is off-brand.
